+ Enrique

For coordination between us, I note that my biweekly OPA update with John and Debbie is at 1:30, and I have been planning on mentioning this issue. I wasn't going to forward press responses or go into too much substantive detail, but note that it has sparked Senate queries and tweets at R9, and that the reporter excluded A LOT of what R9 sent to her. I can mention that you may also be following up from the SFD perspective.

Soledad, Can you please send me all the responses we sent the LA Times about PV Shelf. I recall an initial response and a followup response. Was that it? Enrique would like me to compile them so he can forward to the RA's office early afternoon.

Thanks, John
